JANUARY

2024

Arulvaimozhi, Kanchi, Tamil Nadu, Jan 24, 2024/10/13

**Mr. P. Eskalin Gonsalves**

**Principal**

2023 rolled by with whirlwind speed but there was never a dull moment nor did we apply the brakes in pursuit of our colossal achievements in the academic domain.

My dear teachers and students, it is because of your commitment to augment the glory of our Alma Mater, we attained unprecedented success and reached the summit of exaltation. Congratulations dear teachers for empowering our young minds with holistic excellence and enriching them with the core values of life. Dear teachers, you are the architects who shape the caliber, character and future of an individual. Thank you for helping each individual climb his/her own mountain. Thank you for your patience and care.

I laud you dear students for being the finest examples of how the school is fulfilling its mission by building future through learning and holistic development. Your brilliance in curricular and extra-curricular activities coupled with your intrinsic values validates your contribution to make our world a better place. Do remember you cannot get through a single day without having an impact on the world around you. What you do makes a difference, and you have to decide what kind of difference you want to make. Be a leader and give humanity a whisper of hope.

Succeeding in life is simple, dear children. All you have to do is pay attention, work hard and be true to yourself. Always remember that there is no substitute for hard work and you become stronger when you know your weakness, you are wise when you learn from your mistakes and you are invincible when you accept your flaws.

Always strive for progress not perfection and when you do that nothing can come between you and your success. If you want a different tomorrow, work harder than yesterday. Be honest always, because honesty prospers in every condition of life.

Believe in yourself, push your limits, conquer your weaknesses and achieve your goals. If you feel defeated at some point of time, never ever quit.

This new year 2024, together let us dream more, inspire more and create more. My best wishes to each stakeholder for a happy, healthy and peaceful NEW YEAR 2024.

I wish you, students the very best for the forthcoming examinations.

**P. Eskalin Gonsalves**  
**Principal**
